

Tested textiles for:

# Luna

Default Orientation RR

Textiles are a critical component of our seating and screen products. The following list is intended to facilitate selection of textiles for use on our products.

### COM Selections

Stylex is pleased to accept COM selections, but they must be approved. Stylex reserves the right to reject textiles to ensure that quality and construction are satisfactory for intended use. Once COM is approved, Stylex assumes no responsibility for its overall appearance, durability, colorfastness, or any other quality issues after upholstered on a Stylex product.

### Textile Orientation

Textile orientation is determined by Stylex on a per product basis. Yardage requirements shown in the Stylex price list are calculated based on the product's default orientation. Yardage requirements may increase for COM's that require an orientation differing from the default. Please see textile orientation explanations below:

1. Railroaded (RR) – The textile is applied to the unit perpendicular to the direction of the roll.
2. Up the Roll (UTR) – The textile is applied to the unit parallel to the direction of the roll.

\*Free Address Screen fabrics must be applied RR. Please contact your customer service representative with any questions regarding fabric orientation.

### Textile Maintenance

Please note that the below textiles identified as bleach cleanable were indicated as such by the textile supplier as of 6/1/2020. Detailed cleaning instructions and confirmation of disinfecting processes are provided by the textile supplier. As always, failure to follow cleaning instructions may result in damage to textiles. Stylex is not responsible for any damage that may occur from cleaning or maintenance.

### Approvals

Please be advised that all approvals listed here are provisional. We reserve the right to withdraw approval at any time, including after an order has been placed. While we attempt to ensure that our approved textile lists are up to date, our upholstery methods do change on an ongoing basis. Such changes may impact the suitability of a given textile for a particular product.

### Pricing

All pricing quotes should be obtained from your local Sales Rep or Stylex Customer Service.
