Davenport

Well-protected by our exclusive Crypton® finish, Davenport is a beautiful, quality leather with a soft hand and a good drape. Stocked in over 25 colors, aniline-dyed in the drum, and finished with a durable yet light, IMO-approved topcoat, Davenport is a perfect choice for a broad range of applications. Natural markings are minimized by enhancing the surface with a highly natural embossed grain which maximizes cutting yield.

Environmental Stewardship: The Davenport raw material is produced in a tannery which has achieved a gold rating as audited to the Leather Working Group environmental stewardship and traceability standards. Further enhancing its sustainability profile, Davenport is finished without the use of solvents or lead, emits low VOCs and has achieved an Indoor Gold Advantage certificate from SCS.

Caprone

Caprone is a superbly priced Italian leather with a soft hand and a classic grain, prized for its long color line, durability, and versatility. A true durable beauty, Caprone comes in fashionable, bright colors that won't distress or patina—and it remains a top seller thanks to regular upgrades that make it ever softer, cleaner, and available in fresh colorways. Still crafted in Italy on quality hides, Cortina's Caprone is soft and yielding to the touch, yet highly resistant to stains, wear, and color fading thanks to its strong protective topcoat. IMO-approved, Caprone is a beautiful, practical, and well-priced mainstay leather—ready for every interior application.

Environmental Stewardship: Caprone is lead free, emits low VOCs, and has achieved an Indoor Advantage Gold certificate from SCS.
