PRODUCT TAKE BACK PROGRAM

In order to be good stewards of our products, Stylex offers a pathway towards a Product Take Back Program as a more viable solution to the end of our products' originally intended life.

Stylex supports the sustainable programs of ANEW and offers their added value to our clients through a comprehensive take-back solution for surplus office furniture and materials of any kind, in any condition. ANEW is a 501(c)(3) non-profit organization that exists to provide companies with smart, cost effective alternatives for their surplus furniture and other items with the priority of matching it to non-profits, public agencies and the underserved, within the local community of the project site. Corporate Social Responsibility is raised while the impact on the environment is lowered by diverting products and materials otherwise destined for landfill.

Stylex is proud to offer ANEW to customers dedicated to strengthening their community network by repurposing their furniture, fixtures and architectural materials to those in need. In 2014, Stylex committed to making this relationship a part of our strategic sales strategy. Visit www.anewfound.org to find out more.

To initiate a Product Take Back strategy through ANEW, contact Stylex Customer Service at 800-257-5742.

For other end of life recovery options, please see our Product Disassembly Instructions and End of Life Recovery Options documents available on our website in the resources section of each product in our line.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

All textiles must be approved for the product you are specifying. For the related approved textile lists, visit [this page](#).

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded fabrics is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM fabrics.

COM fabric and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark fabric or leather with the dealers name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the fabric or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Fabrics less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Fabric Width	Plain Fabric	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM fabric stapled to this form which can be downloaded [here](#). If a fabric has a stripe or design, the size of the repeat should be indicated. Please indicate the fabric supplier's name, fabric number, and color. Also indicate the Stylex product on which the fabric will be used.

The fabric supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

PRODUCT INFORMATION

Construction
Plastic seats and backs are injection-molded polypropylene. Upholstered seats and backs combine high-density CFC-Free polyurethane foam over polypropylene substrates. Exposed wood seats and backs are compound curved plywood with various surface veneers. Frames incorporate 7/8" square steel tube legs with 3/4" square tube cross-stretchers. The back is attached using two cast aluminum supports which are staked into the rear legs. Arms may be either glass-filled nylon or cast aluminum. The stack pad is injection-molded plastic. All attachments are concealed.

Stacking
See accompanying chart for specific quantities that may be stacked on the floor or on a dolly. No chairs with wood backs may be stacked on dollies. Furthermore, only chairs with chrome frames may be stacked on dollies.

Glides
Glides are either plastic or plastic with felt pads.

Ganging
Not available.

Wood Finishes
The beauty of wood consists of its being a product of nature. As such, exposed wood surfaces will not offer the same consistency as man-made materials. Some variation in color, grain, and texture are to be expected, even within the same order. Another consideration is that wood components will tend to darken over time, exaggerating slightly naturally occurring differences. Chairs ordered at different times are likely to be less similar than those ordered together. Therefore, Stylex will not guarantee a precise match of color, grain, or texture of its wood components.

Use
Designed for indoor use only.

Performance Standards
Manufactured to comply with:
ANSI/BIFMA X5.1 General-Purpose Office Chairs - Tests
