From farm to fabric

With roots dating to 1783, we've had a belief that you "only ever get out what you put in," which is why so much of who we are goes into what we make. We put our heart and soul into making fabrics, but with a real sense of responsibility for the bigger picture from the raw materials we use to the manufacturing processes, and with the involvement of many different people from start to finish.

Sustainability looms large in our thinking. It goes to the core of who we are, what we do and the legacy we leave behind. It's reflected in the products we design, the materials we use and the time-honed skills which go into making yarn and fabric.

We have innovated a totally new category of materials using nature's finest and cleverest renewables – natural "bast" fibres from the stems of harvested plants and pure new wool. So our sustainable textile expertise goes right from farm to fabric and we handle everything in between.

Blazer

Description

Blazer is a classic pure new wool upholstery fabric with a billiard cloth felted finish. It is made from premium New Zealand lambswool, where responsible farming provides the highest quality raw material which is soft, clean and bright, which is ideal for spinning, weaving and dyeing. The colour palette is an exciting mix of solids and mélanges across the full colour spectrum, creating a versatile fabric suitable for wide-ranging furniture applications.

Technical Information

Composition	100% Virgin Wool. Non metallic dyestuffs
Environment	Certified to Indoor Advantage Gold
Width	54 inches minimum
Weight	13 1/2 oz/sq yd ±5%
Abrasion	Independently certified to ≥75,000 double rubs
Flammability	California Technical Bulletin 117 NFPA 260 + UFAC Class 1, BS 7176 Low Hazard ASTM E84 Class 1 or A (Adhered) ASTM E84 Class 1 or A (Un-adhered) NFPA 701 When treated IMO FTP Code (Part 8)

Craggan Flax

Description

Warmly welcoming, Craggan Flax is a textile to make any interior feel like home. Deeply textured and thickly woven, it effortlessly blends comfort with style to bring irresistible tactility and visual detail to both task and soft seating. Crafted from a blend of wool and flax, this sustainable fabric retains the raw appeal of its natural composition, while possessing the contemporary aesthetic of a chunky weave to provide an element of stylized texture.

Technical Information

Composition	85% Wool, 10% Flax, 5% Nylon
Environment	Certified to Indoor Advantage Gold
Width	54 inches minimum
Weight	18 1/2 oz/sq yd ±5%
Abrasion	Independently certified to ≥100,000 double rubs
Flammability	California Technical Bulletin 117 NFPA 260 + UFAC Class 1 BS 7176 Medium Hazard IMO FTP Code (Part 8) ASTM E84 Class 1 or A (Adhered) ASTM E84 Class 2 or B (Un-adhered)

Main Line Flax

Description

Main Line Flax builds on our industry leading bast fiber expertise to create a new inherently flame retardant fabric from sustainable sources. A symbol of purity, wild flax has been used in textiles for thousands of years thanks to its strong, long and smooth fibers found inside the stem of the plant. The fiber is spun into a 75-25 wool flax blend, then fiber dyed to create beautiful mixture yarns which are woven into interesting solids and cross-colors inspired by the rich tones of rare jewels.

Technical Information

Composition	75% Pure New Wool, 25% Flax
Environment	Certified to EU Ecolabel Certified to Indoor Advantage Gold
Width	54 inches minimum
Weight	13 oz/sq yd \pm 5%
Abrasion	Independently certified to \geq 100,000 double rubs
Flammability	California Technical Bulletin 117 NFPA 260 + UFAC Class 1, BS 7176 Medium Hazard ASTM E84 Class 1 or A (Adhered) ASTM E84 Class 2 or B (Un-adhered) IMO FTP Code (Part 8)

camira

Revolutionary by Camira

Description

A change-making, industry-shaking fabric, Revolutionary by Camira is a breakthrough in textile circularity. The first fabric to be produced using Camira’s advanced textile recycling capability, iinouio, this textile uses waste wool yarn from our own manufacturing processes. Closing the loop and opening the door to a new era of sustainability, this pioneering product is available in 10 colorways, created using the original coloration of the recycled woollen fibers.

Technical Information

Composition	65% Virgin Wool, 26% Recycled Wool, 5% Recycled Nylon, 4% Nylon
Environment	Certified to Indoor Advantage™ Gold
Width	57 inches minimum
Weight	18 1/4 oz/sq yd ±5%
Abrasion	Independently certified to ≥100,000 double rubs
Flammability	California Technical Bulletin 117, NFPA 260 + UFAC Class 1 BS 7176 Low Hazard, ASTM E84 Class 2 or B (Un-adhered) IMO FTP Code (Part 8), BS 7176 Medium Hazard when FR treated ASTM E84 Class 1 or A (Adhered) when FR treated NFPA 701 when FR treated
