Return/Restocking Policy

Return shipments will not be accepted unless specifically authorized by Stylex in writing. The Return Authorization number should be clearly marked on the carton. Purchaser may be required (at the option of Stylex) to return to Stylex at Purchaser's expense any defective part with all freight or shipping charges prepaid. The foregoing warranty shall be void if the product has been altered or repaired (other than by Stylex). The warranty does not cover damage to the product caused by accident, neglect, misuse, abuse, modification to the product by anyone other than Stylex or damage caused by use of the product for a purpose other than that for which it was designed. This warranty extends only to the original Purchaser of the product.

PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

Stylex offers a Guaranteed Freight Program, which provides the purchaser the ability to determine shipping and handling charges at the time of order. Freight charges will be calculated as a percentage of the net product price and added to the invoice at the time of shipment. The continental United States has been divided into three zones. TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

PRODUCT INFORMATION

Design

Construction

Plastic seats and backs are injection-molded polypropylene. Upholstered seats and backs combine high-density CFC-Free polyurethane foam over polypropylene substrates. Exposed wood seats and backs are compound curved plywood with various surface veneers. Frames incorporate 7/8" square steel tube legs with 3/4" square tube cross-stretchers. The back is attached using two cast aluminum supports which are staked into the rear legs. Arms may be either glass-filled nylon or cast aluminum. The stack pad is injection-molded plastic. All attachments are concealed.

Stacking

See accompanying chart for specific quantities that may be stacked on the floor or on a dolly. No chairs with wood backs may be stacked on dollies. Furthermore, only chairs with chrome frames may be stacked on dollies.

Glides

Glides are either plastic or plastic with felt pads.

Ganging

Not available.

Wood Finishes

The beauty of wood consists of its being a product of nature. As such, exposed wood surfaces will not offer the same consistency as man-made materials. Some variation in color, grain, and texture are to be expected, even within the same order. Another consideration is that wood components will tend to darken over time, exaggerating slightly naturally occurring differences. Chairs ordered at different times are likely to be less similar than those ordered together. Therefore, Stylex will not guarantee a precise match of color, grain, or texture of its wood components.

Use

Designed for indoor use only.

Performance Standards

Manufactured to comply with:
ANSI/BIFMA X5.1 General-Purpose Office Chairs - Tests

PRODUCT TAKE BACK PROGRAM

In order to be good stewards of our products, Stylex offers a pathway towards a Product Take Back Program as a more viable solution to the end of our products' originally intended life.

Stylex supports the sustainable programs of ANEW and offers their added value to our clients through a comprehensive take-back solution for surplus office furniture and materials of any kind, in any condition. ANEW is a 501(c)(3) non-profit organization that exists to provide companies with smart, cost effective alternatives for their surplus furniture and other items with the priority of matching it to non-profits, public agencies and the underserved, within the local community of the project site. Corporate Social Responsibility is raised while the impact on the environment is lowered by diverting products and materials otherwise destined for landfill.

Stylex is proud to offer ANEW to customers dedicated to strengthening their community network by repurposing their furniture, fixtures and architectural materials to those in need. In 2014, Stylex committed to making this relationship a part of our strategic sales strategy. Visit www.anewfound.org to find out more.

To initiate a Product Take Back strategy through ANEW, contact Stylex Customer Service at 800-257-5742.

For other end of life recovery options, please see our Product Disassembly Instructions and End of Life Recovery Options documents available on our website in the resources section of each product in our line.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, visit [this page](#).

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded fabrics is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM fabrics.

COM fabric and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark fabric or leather with the dealers name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the fabric or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Fabrics less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Fabric Width	Plain Fabric	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM fabric stapled to this form which can be downloaded [here](#). If a fabric has a stripe or design, the size of the repeat should be indicated. Please indicate the fabric supplier's name, fabric number, and color. Also indicate the Stylex product on which the fabric will be used.

The fabric supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

PRODUCT TAKE BACK PROGRAM

In order to be good stewards of our products, Stylex offers a pathway towards a Product Take Back Program as a more viable solution to the end of our products' originally intended life.

Stylex supports the sustainable programs of ANEW and offers their added value to our clients through a comprehensive take-back solution for surplus office furniture and materials of any kind, in any condition. ANEW is a 501(c)(3) non-profit organization that exists to provide companies with smart, cost effective alternatives for their surplus furniture and other items with the priority of matching it to non-profits, public agencies and the underserved, within the local community of the project site. Corporate Social Responsibility is raised while the impact on the environment is lowered by diverting products and materials otherwise destined for landfill.

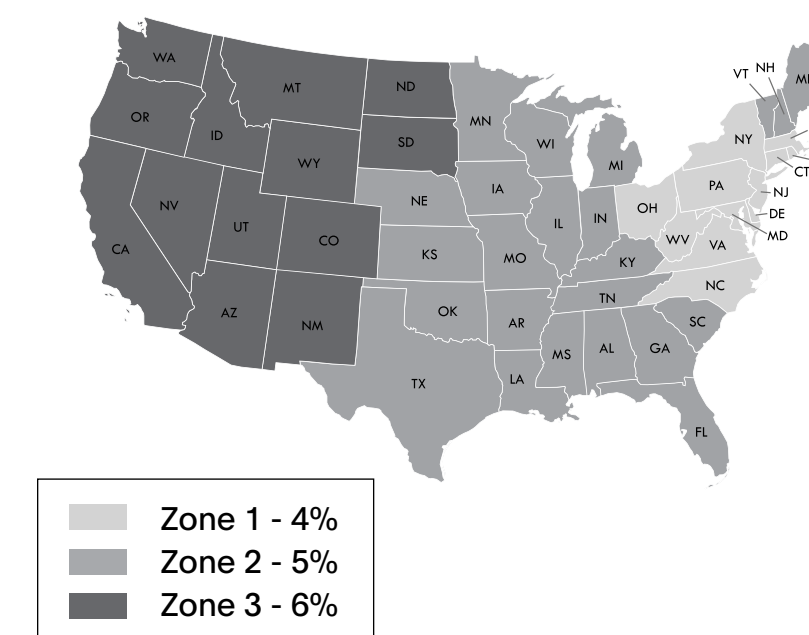

Stylex is proud to offer ANEW to customers dedicated to strengthening their community network by repurposing their furniture, fixtures and architectural materials to those in need. In 2014, Stylex committed to making this relationship a part of our strategic sales strategy. Visit www.anewfound.org to find out more.

To initiate a Product Take Back strategy through ANEW, contact Stylex Customer Service at 800-257-5742.

For other end of life recovery options, please see our Product Disassembly Instructions and End of Life Recovery Options documents available on our website in the resources section of each product in our line.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, visit [this page](#).

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded fabrics is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM fabrics.

COM fabric and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark fabric or leather with the dealers name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the fabric or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Fabrics less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Fabric Width	Plain Fabric	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM fabric stapled to this form which can be downloaded [here](#). If a fabric has a stripe or design, the size of the repeat should be indicated. Please indicate the fabric supplier's name, fabric number, and color. Also indicate the Stylex product on which the fabric will be used.

The fabric supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

Available with soft wheels. Casters are unavailable for Pouf Mini Single, Pouf Mini Double, and Pouf Island.</p> <p>Seating Handles Handles are required when casters are selected. It can be removed or added as desired. See page 11 for additional tablet arm information.</p> <p>Wood Finishes The beauty of wood lies in its natural grain patterns, which are unique to each piece of wood. As such, exposed wood surfaces will not offer the same consistency as man-made materials. Some variation in color, grain, and texture are to be expected, even within the same order. Another consideration is that wood components will tend to darken over time, exaggerating slightly naturally occurring differences.</p> <p>Use Designed for indoor use only.</p> <p>Performance Standards Manufactured to comply with: ANSI/BIFMA X5.4 Lounge Seating - Tests ANSI/BIFMA X5.5 Desk and Table Product - Tests</p> <p>Certifications GREENGUARD Gold - Seating GREENGUARD - Tables LEVEL® 1</p>

Out of Warranty Products

For all products no longer covered by our warranty, please refer to our Design for Durability and Upgradability Policy. Contact Customer Service if you would like to purchase any replaceable components to further extend the life of any Stylex seating product. This warranty applies to all Stylex products purchased on April 13, 2018, and thereafter.

PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

FREIGHT PROGRAM

Stylex offers a Guaranteed Freight Program, which provides the purchaser the ability to determine shipping and handling charges at the time of order. Freight charges will be calculated as a percentage of the net product price and added to the invoice at the time of shipment. The continental United States has been divided into three zones. Please use the map below to determine the freight charges for the product's destination. There is a minimum freight charge of \$150.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

PRODUCT INFORMATION

Design

Stylex/Brandon Walker

Construction

Seats and backs consist of curved upholstery grade or finished plywood. Upholstered interior liners consist of foam over plywood. Frames are constructed out of round steel tubing. Arm caps are offered in finished grade wood or upholstered constructed of foam and wood.

Wood Finishes

The beauty of wood lies in its natural grain patterns, which are unique to each piece of wood. As such, exposed wood surfaces will not offer the same consistency as man-made materials. Some variation in color, grain, and texture are to be expected, even within the same order. Another consideration is that wood components will tend to darken over time, exaggerating slightly naturally occurring differences.

Glides

Plastic and felted glides come in black or light gray.

Casters

Casters are available in black or light gray.

Use

Designed for indoor use only.

Performance Standards

Manufactured to comply with:
ANSI/BIFMA X5.1 General-Purpose Office Chairs - Tests

PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

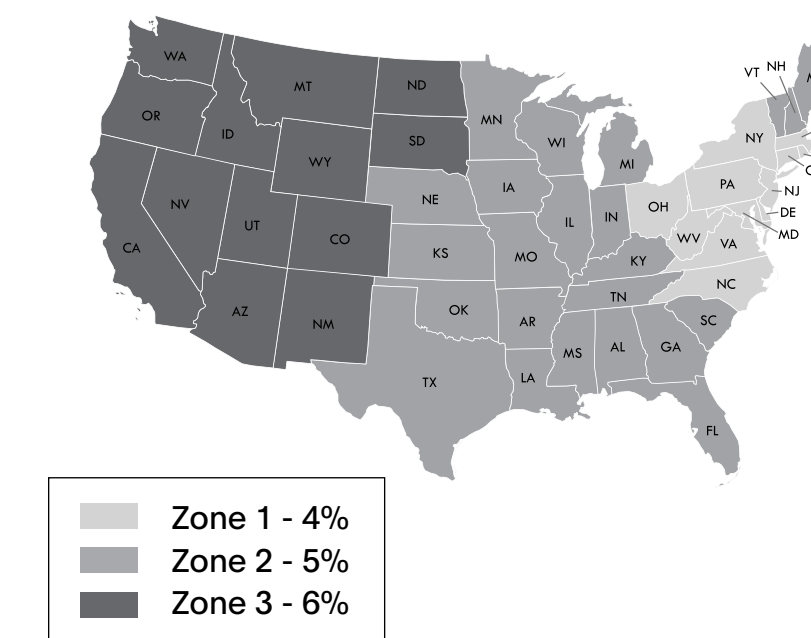

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

PRODUCT TAKE BACK PROGRAM

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.aneufound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

Plinth

The plinth is designed to provide a continuous appearance at the front, back, and exposed ends of a unit. However, the plinth side panels are removed when ordered as the Start, Mid, and End of a ganged layout.

Ganging

Elevated style units employ mid legs for ganging seating units side-to-side and back-to-back, while plinth style units use ganging brackets to connect seats in the same manner. Plinth Start, Mid, and End units can be ganged side-to-side and come with cast aluminum drop-on ganging brackets for tool-free assembly.

Elevated - Legs

Elevated seats share a leg between non-standalone units, while standalone units have four legs. The legs for elevated units are installed in the field.

Glides

All units come standard with adjustable glides, allowing for 3/4" adjustment.

Upholstery Details

- Standard units feature a top-edge seam and are designed to be flush side to side.
- Armless End and Arm units have a roll-style seam at the exposed end of a layout.
- Units 46" and larger include a middle seam.
- Luna offers a dual upholstery option.

PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

Power

Undermount units can be specified to be hardwired or with a 3-prong plug. The units have one USB-A port, one USB-C port, and a standard, grounded 3-prong electrical outlet. Additional power options include daisy chaining.

Cord Length

Both the standard cord and the conduit whip are 10 feet long. Other lengths may be available as a custom order.

Power Restrictions

Power is not available on corner seats, curved units, or tables. We also do not recommend power unit or daisy chain wires running under tables because they would be visible through the gaps on either side of the table.

Cable Management

All units ship with a cable mount and screw.

Daisy Chain Power

Undermount power can be daisy chained. Up to 8 units can be connected to the same system.

Power Order Entry

Due to frame configurations, power locations will need to be verified by Stylex via layout drawing or CET Designer. CET is required for modular power order entry. All daisy chain units are entered under 1 line item.

ORDERING GUIDE

Modular Ordering and Specification

While NYC offers traditional stand-alone units, it is at the same time fundamentally flexible. The Modular models have all been designed to encourage creation of a wide variety of set-ups. To ensure clarity when ordering modular set-ups, it is critical that line items should be listed in the order in which they will be connected from left end (seated perspective) to right end. Modular Benches must be connected to other units. Modular Arms can only be added to the outside ends of any modular set-up. Seating orientation of a set-up (direction in which the user faces) can only be changed on either side of a table located in the middle of a set-up.

Leg Placement

NYC is a rail-supported modular seating system. The placement and number of legs will depend on each layout. Prior to order entry Stylex will provide a dimensioned layout that depicts the specific leg placement for approval. Order leadtime will start from the time Stylex Customer Service has received back a signed copy of this layout.

NYC Loose Cushions and Throw Pillows

NYC Loose is not only modular, it also offers tremendous design flexibility. NYC Loose may be ordered without any back cushions or throw pillows, allowing the freedom to obtain back support from any supplier.

At the same time, you may decide to buy either attached back cushions or loose throw pillows from Stylex. Back cushions come in two widths: Partial (27" Wide) and Full (30" Wide). Throw pillows, unlike back cushions, are not attached to the unit and may be freely rearranged. Throw pillows are available in a variety of sizes and seam styles.

PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

Controls

On upholstered seats, multi-task control offers four adjustments – seat height, seat depth, tilt tension, and tilt lock. Conference models have two adjustments: seat height and tilt lock. This function is user-friendly and may be easily adjusted in the field.

Back Supports

Back supports, attached to the control by metal fasteners, are aluminum.

Arms

Adjustable arms are primarily cast aluminum. Caps are self-skinned black polyurethane foam that may be optionally upholstered. Fixed T-arms are cast aluminum. Caps are self-skinned black polyurethane foam that may be optionally upholstered. Fixed D-arms are cast aluminum and may be specified with plastic caps. D-arms may be upholstered in leather, vinyl, or polyurethane.

PRODUCT TAKE BACK PROGRAM

In order to be good stewards of our products, Stylex offers a pathway towards a Product Take Back Program as a more viable solution to the end of our products' originally intended life.

Stylex supports the sustainable programs of ANEW and offers their added value to our clients through a comprehensive take-back solution for surplus office furniture and materials of any kind, in any condition. ANEW is a 501(c)(3) non-profit organization that exists to provide companies with smart, cost effective alternatives for their surplus furniture and other items with the priority of matching it to non- profits, public agencies and the underserved, within the local community of the project site. Corporate Social Responsibility is raised while the impact on the environment is lowered by diverting products and materials otherwise destined for landfill.

Stylex is proud to offer ANEW to customers dedicated to strengthening their community network by repurposing their furniture, fixtures and architectural materials to those in need. In 2014, Stylex committed to making this relationship a part of our strategic sales strategy. Visit www.anewfound.org to find out more.

To initiate a Product Take Back strategy through ANEW, contact Stylex Customer Service at 800-257-5742.

For other end of life recovery options, please see our Product Disassembly Instructions and End of Life Recovery Options documents available on our website in the resources section of each product in our line.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, visit [this page](#).

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded fabrics is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM fabrics.

COM fabric and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark fabric or leather with the dealers name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the fabric or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Fabrics less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Fabric Width	Plain Fabric	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM fabric stapled to this form which can be downloaded [here](#). If a fabric has a stripe or design, the size of the repeat should be indicated. Please indicate the fabric supplier's name, fabric number, and color. Also indicate the Stylex product on which the fabric will be used.

The fabric supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

PRODUCT TAKE BACK PROGRAM

In order to be good stewards of our products, Stylex offers a pathway towards a Product Take Back Program as a more viable solution to the end of our products' originally intended life.

Stylex supports the sustainable programs of ANEW and offers their added value to our clients through a comprehensive take-back solution for surplus office furniture and materials of any kind, in any condition. ANEW is a 501(c)(3) non-profit organization that exists to provide companies with smart, cost effective alternatives for their surplus furniture and other items with the priority of matching it to non- profits, public agencies and the underserved, within the local community of the project site. Corporate Social Responsibility is raised while the impact on the environment is lowered by diverting products and materials otherwise destined for landfill.

Stylex is proud to offer ANEW to customers dedicated to strengthening their community network by repurposing their furniture, fixtures and architectural materials to those in need. In 2014, Stylex committed to making this relationship a part of our strategic sales strategy. Visit www.anewfound.org to find out more.

To initiate a Product Take Back strategy through ANEW, contact Stylex Customer Service at 800-257-5742.

For other end of life recovery options, please see our Product Disassembly Instructions and End of Life Recovery Options documents available on our website in the resources section of each product in our line.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, visit [this page](#).

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded fabrics is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM fabrics.

COM fabric and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark fabric or leather with the dealers name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the fabric or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Fabrics less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Fabric Width	Plain Fabric	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM fabric stapled to this form which can be downloaded [here](#). If a fabric has a stripe or design, the size of the repeat should be indicated. Please indicate the fabric supplier's name, fabric number, and color. Also indicate the Stylex product on which the fabric will be used.

The fabric supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

Damaged Shipments

All Stylex products are carefully inspected before they are packed in sturdy cartons designed to satisfy shipping requirements. Stylex is not responsible for damage in shipment. The transportation company assumes responsibility for delivering products to you in good condition when the bill of lading is signed. You protect yourself by refusing shipments showing damage or shortage until transportation company has noted on the delivery sheet the extent of damage or shortage. Concealed damage should be reported to the carrier as soon as discovered, but not later than 15 days after receiving shipment.

Return/Restocking Policy

Return shipments will not be accepted unless specifically authorized by Stylex in writing. The Return Authorization number should be clearly marked on the carton. The customer returning Stylex products is responsible for return shipping costs. Merchandise must be returned unused. Returned merchandise is subject to a 35% restocking fee.

Specials/Customs

Modifications to standard products will be considered for large runs. Contact Stylex for more information.

Design Changes

In keeping with modern manufacturing advances, Stylex reserves the right to incorporate minor modifications and design changes in products without notice.

Cancellation Policy

No charge prior to production except for inventory specifically requisitioned to fulfill the particular order. After production has begun, only actual costs incurred, including labor and material, will be billed to the customer.

WARRANTY

Except as provided below, Stylex warrants exclusively to the original Purchaser of our product that all parts, under normal use and service, will be free from defects in workmanship and material for a period of ten (10) years from the date of purchase. "Normal use and service" means that the product will be used in a typical office environment for 40-45 hours per week.

This warranty is subject to the following limitations, exclusions and provisions:

Wood components of plywood stacking chairs
(such as Brooks and Welcome)
5 years

Upholstery

COM Upholstery
No warranty
Stylex makes every effort to ensure that the COM Upholstery it approves is suitable for the intended use. Nevertheless, we will not warrant, and assume no responsibility for, the durability or tailoring quality of any COM or COL. If this product fails during normal use and service within the applicable warranty period (other than through normal wear and tear), please send a description of the relevant part and the nature of the defect, together with proof of purchase of the product, to Stylex at: Customer Service. c/o Stylex, P.O. Box 5038, Delanco, NJ 08075. PLEASE DO NOT RETURN PARTS OR THE PRODUCT TO STYLEX UNLESS INSTRUCTED TO DO SO BY STYLEX. Stylex will, at its option, either repair or replace the product or the part found defective by Stylex completely without charge for materials or labor. Purchaser may be required (at the option of Stylex) to return to Stylex at Purchaser's expense any defective part with all freight or shipping charges prepaid. The foregoing warranty shall be void if the product has been altered or repaired (other than by Stylex). The warranty does not cover damage to the product caused by accident, neglect, misuse, abuse, modification to the product by anyone other than Stylex or damage caused by use of the product for a purpose other than that for which it was designed. This warranty extends only to the original Purchaser of the product.

No Other Warranties

This warranty is in lieu of all other warranties, expressed or implied, including, but not limited to, implied warranties of merchantability and fitness for a particular purpose. The rights and remedies provided herein are the exclusive rights and remedies of the original purchaser of the product.

No Liability For Damages

In no event shall Stylex or its suppliers be responsible or liable for any special, indirect, consequential, or incidental damages. In no event shall the liability of Stylex exceed the actual purchase price paid to Stylex for the product.

PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

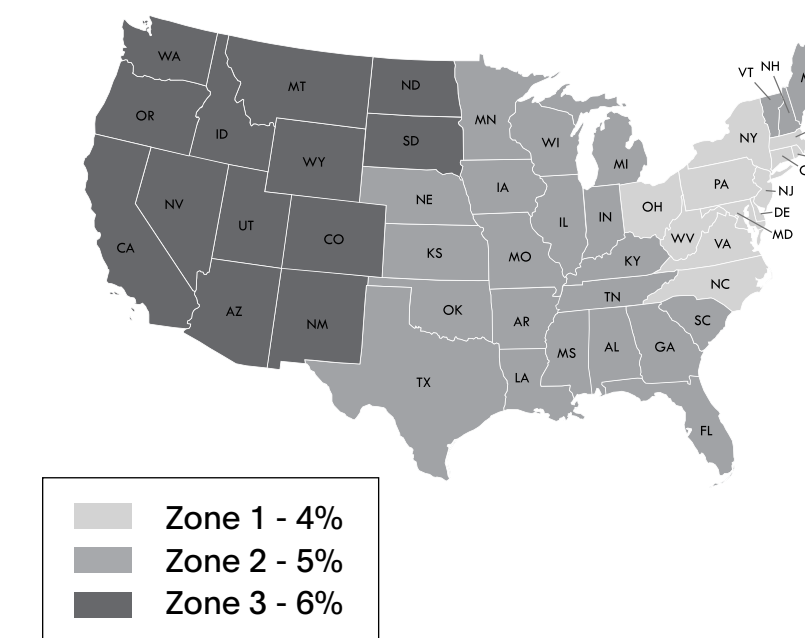

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

PRODUCT INFORMATION

Design

Sava Cvek

Construction

Seats and backs incorporate compound curve plywood. Upholstered models use polyurethane foam. Frames are steel tubing with cast aluminum arms and back brackets.

Stacking

Four leg stacking models stack six high on the floor and nine high on the Welcome transport dolly. Transport Dolly not available for caster chairs. Finish Advisory for Stacking Stylex recommends chrome frames for any stacking application requiring dollies. We will not warrant powder coated frames that have damage to the finish caused by stacking or use on the Transport Dolly. In addition, appropriate care must be exercised when stacking powder coated chairs on the floor.

Glides

Black plastic glides are standard.

Ganging Bracket Option

Arm models feature optional plated wire-formed brackets that are stackable.

Wood Finishes

The beauty of wood lies in its natural grain patterns, which are unique to each piece of wood. As such, exposed wood surfaces will not offer the same consistency as man-made materials. Some variation in color, grain, and texture are to be expected, even within the same order. Another consideration is that wood components will tend to darken over time, exaggerating slightly naturally occurring differences. Chairs ordered at different times are likely to be less similar than those ordered together. Therefore, Stylex will not guarantee a precise match of color, grain, or texture of its wood components.

Use

Designed for indoor use only.

Performance Standards

Manufactured to comply with:
ANSI/BIFMA X5.1 General-Purpose Office Chairs - Tests

All Stylex products are carefully inspected before they are packed in sturdy cartons designed to satisfy shipping requirements. Stylex is not responsible for damage in shipment. The transportation company assumes responsibility for delivering products to you in good condition when the bill of lading is signed. Concealed damage should be reported to the carrier as soon as discovered, but not later than 15 days after receiving shipment.

Return/Restocking Policy

Return shipments will not be accepted unless specifically authorized by Stylex in writing. The Return Authorization number should be clearly marked on the carton. PRODUCT TAKE BACK PROGRAM

At Stylex, responsible stewardship of our products extends beyond their initial use. Our Product Take Back Program provides a practical solution for the end of our products' intended life cycle.

Through our partnership with ANEW, a 501(c)(3) nonprofit organization, we offer clients a comprehensive take-back solution for surplus office furniture and materials, regardless of their condition. ANEW's mission aligns with ours—to connect surplus resources with non-profits, public agencies, and underserved communities, minimizing landfill impact and maximizing corporate social responsibility.

By repurposing surplus items, we strengthen community networks and reduce environmental impact. Stylex proudly supports ANEW, integrating this partnership into our strategic sales strategy since 2014. Learn more at www.anewfound.org.

Initiate a Product Take Back through ANEW by emailing Stylex at info@stylexdesign.com. For additional end-of-life recovery options, refer to our Product Disassembly Instructions and End of Life Recovery Options documents, available in the Resources section of each product on our website. Together, let's build a sustainable future.

TEXTILE PARTNERS & APPROVALS

Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals

To view Stylex Approved Textile documents to determine specific product approval status, refer to our Product Tested Textiles documents, available in the Resources section of each product on our website.

CAL 117 AND 133 COMPLIANCE

CAL 117-2013

All Stylex seating satisfies the requirements of CAL 117-2013 so long as one of our standard or in-graded textiles is applied. COM textiles cannot be so guaranteed. Please contact the supplier of COM's directly to determine the fire retardancy of any COM supplied to us.

CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact customer service for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect textiles for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM textiles.

COM textile and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your PO #]
740 Coopertown Road
Delanco, NJ 08075**

Clearly mark textile or leather with the dealer's name, purchase order number, and furniture model number of the item to be covered. Actual furniture orders should include the same information, as well as a description of the textile or leather, including pattern and color number, in order to provide a cross reference.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Textiles less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

Add the following yardage for stripes, plaids, or patterns with repeats:

Textile Width	Plain Textile	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used.

The textile supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.
