

Mark 2

Mark 2
Lounge/Guest

Mark 2 is a formal guest chair, a stacker, and a stool whose rectilinear frame conveys pure elegance. Superior craftsmanship and simple lines belie Mark 2's utility. Despite its refinement, Mark 2 is a practical, versatile product that is available with or without arms; in bright chrome, satin chrome, or painted finish; with either upholstered or wood back. No matter the model, Mark 2 gracefully balances its clean retro profile with contemporary functionality.

Designer: Mark Goetz
Mark Goetz graduated from Pratt Institute in New York. His own company, TZ Design, initially created one-of-a-kind furniture pieces for private commission. Subsequently, he began working to produce commercial products and has since designed almost 70 chairs and a number of important collections. Along the way, he has received the IIDA Apex Award and numerous Best of NeoCon Gold Awards.
