Damaged Shipments
All Stylex products are carefully inspected before they are packed in sturdy cartons designed to satisfy shipping requirements. Stylex is not responsible for damage in shipment. The transportation company assumes responsibility for delivering products to you in good condition when the bill of lading (BOL) is signed. Any damages not documented on the Bill of Lading (BOL) will not be Stylex responsibility. Ensure all damages are clearly noted before signing the BOL. You protect yourself by refusing shipments showing damage or shortage until the transportation company has noted on the delivery sheet the extent of damage or shortage. Concealed damage should be reported to the carrier as soon as discovered, but no later than 5 days after receiving shipment.

Return/Restocking Policy
Return shipments will not be accepted unless specifically authorized by Stylex in writing. The Return Authorization number should be clearly marked on the carton. All shipments must be returned in the same size carton shipped prepaid on the customer’s account. If return charges are incurred by Stylex, they will be charged back to customers. Please contact your account manager for any freight return assistance. Merchandise must be returned unused. Returned merchandise is subject to a 35% restocking fee.

Special Products
Modifications to standard products will be considered for large runs. Contact factory for price quotations.

Design Changes
In keeping with modern manufacturing advances, Stylex reserves the right to incorporate minor modifications and design changes in products without notice.

Cancellation/Change Order Policy
Regarding requests for order cancellation and/or order modification, please see the following page for further details.

PRODUCT TAKE BACK PROGRAM

In order to be good stewards of our products, Stylex offers a pathway towards a Product Take Back Program as a more viable solution to the end of our products’ originally intended life.

Stylex supports the sustainable programs of ANEW and offers their added value to our clients through a comprehensive take-back solution for surplus office furniture and materials of any kind, in any condition. AN EW is a 501(c)(3) non-profit organization that exists to provide companies with smart, cost effective alternatives for their surplus furniture and other items with the priority of matching it to non- profits, public agencies and the underserved, within the local community of the project site. Corporate Social Responsibility is raised while the impact on the environment is lowered by diverting products and materials otherwise destined for landfill.

Stylex is proud to offer ANEW to customers dedicated to strengthening their community network by repurposing their furniture, fixtures and architectural materials to those in need. In 2014, Stylex committed to making this relationship a part of our strategic sales strategy. Visit www.anewfound.org to find out more.

To initiate a Product Take Back strategy through ANEW, contact Stylex Account Management at 800-257-5742.

For other end of life recovery options, please see our Product Disassembly Instructions and End of Life Recovery Options documents available on our website in the resources section of each product in our line.

TEXTILE PARTNERS & APPROVALS

Textile Partners
To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

Textile Approvals
All textiles must be approved for the product you are specifying. For the related approved textile lists, visit [this page](#).

CAL 117 AND 133 COMPLIANCE

CAL 117-2013
CAL 117-2013 compliance is a requirement for all textiles applied on our seating products. All Stylex seating products meet this standard.

CAL 133
Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact your Stylex account manager for details.

CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

Special Note:
We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM fabrics.

COM fabric and COL leather should be sent prepaid to: Stylex
Attn: COM/COL - [Your Stylex PO #]
740 Coopertown Road
Delanco, NJ 08075

All COM/COL sent to Stylex must be accompanied with a packing list which indicates the dealers' name, Stylex corresponding PO number, sales order number, COM/COL supplier name, textile pattern, colorway and shipped quantity. Stylex requires COM to be sent in as continuous yardage in the same dielot.

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Fabrics less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage and can be calculated upon request.

COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used. If a certain direction of application is required, please ensure that information is communicated directly to your Stylex account manager.

The fabric supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

Please Note:
No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

Construction/Finishes

Upholstered elements are constructed with plastic and molded with polyurethane foam for comfort. Internal back and seat structures are molded with 100% recycled material.

Carriages and other aluminum components are made from recyclable aluminum, available in either powder coat or polished aluminum finish. Sled and four leg metal bases are made from steel tubing, available in either powder coat or chrome. Plywood bases are available in three different finishes – rift cut oak, flat cut walnut, or quarter cut maple. The housing for plywood bases is always polished aluminum.

Casters

Casters are available in black, gray, and chrome trim. For 5-blade chairs, when Polished Aluminum is the frame choice, the chair is shipped with a chrome cylinder regardless of caster color chosen.

Glides

Glides for steel frames are either plastic or plastic with felt pads. Please note that felt pad glides are not available on models with aluminum legs. Glides for the five blade base are painted to match the frame. Four leg aluminum frames always receive plastic gray glides while four leg plywood legs always receive felt glides.
